

Digital Inclusion

Get help with accessing and using Zoom via telephone and email

About this Activity

Do you need help and support to access Zoom?

Our one-to-one Tech Support assessment sessions are every Monday afternoon. You can use a smartphone, computer or laptop to take part.

You don't have to learn everything in one go - so don't worry if you know you need time to learn new things. We can help.

You will need a reliable internet connection for this service and a computer/laptop/smartphone with a camera and microphone.

"Charles got onto Zoom for the first time today. We hadn't seen each other for nearly a year. We were both grinning and waving and laughing a lot. He wants to practise again next week so that he can join the online worship with his church."
